THE RTU HAS BEEN REIMAGINED.

The Lennox® standard — reliable performance and year-round comfort packaged within a serviceable design.

ROOF READY

Xion™ rooftop units are designed to fit your application needs. These units come with a range of convenient features that make installation quick and easy.

- **Field flexibility** with more than 100 field-installed accessories allows quick modification of units to fit the application
- **Installation made easy** with self-sealing insulated base and minimized plumbing through a convertible drain pan

RELIABLE PERFORMANCE

Xion™ rooftop units are engineered with the right technologies and options to meet standard efficiency requirements while delivering reliable performance and year-round comfort.

- **Environ™ coil system** designed by Lennox® uses proven technologies to provide reliable performance and stand up to the rigors of everyday use year after year
- **MSAV® supply fan technology** optimizes system performance by staging airflow to provide year-round comfort and power savings of up to 61% over traditional blower systems
- **Humiditrol® dehumidification technology** offers an optional humidity control system that efficiently removes moisture from the air to create a healthier and more comfortable indoor environment

SIMPLE SERVICE

Xion™ rooftop units maximize efficiency of maintenance and service operations, reducing operational costs, and minimizing downtime.

- **Slide-out blower motor** reduces installation time and is easy to service
- **Isolated compressor** allows performance check while unit is working, without interrupting airflow
- **Accessible gas compartment** provides quick and convenient access to all gas compartments
